To whom it may concern:

We hired Felderman Design-Build in 2015 for our \$1.5M showroom renovation following an intensive bid process. Felderman earned our business with not only a competitive bid but also their thoroughness, expertise and transparency.

From that point forward, I was never less than completely satisfied with the performance of the Felderman team. From the project manager down the line, the group was a model of professionalism. Our project endured its share of unexpected twists and turns due to circumstances beyond Felderman's control, yet their team took these issues in stride. But for a few of these matters that neither of us could have foreseen, our project was completed on time for the amount bid up front.

I would recommend the Felderman Design-Build team without hesitation and am happy to provide more detail about our experience to interested parties.
