

SPRING NEWSLETTER

QUARTERLY ISSUE - April 2022

From Our President

Dear Friends,

As Spring arrives, we are welcoming the melting snow and warmer days. Our team is excited about starting several new projects, working with past and new customers, and the opportunity to build a stronger northeast Indiana.

As happy as we are for all our spring projects to kickoff, we are also sad to say goodbye to one of our very dedicated, long-term employees, Dan Eads. After 22 years at Felderman Design-Build, Dan will be retiring so he can spend the next chapter of his life enjoying time with family and friends. We are excited for Dan as he takes this next step, but he will be a greatly missed part of our team.

Over the years, Dan has shown an unprecedented dedication to customer care. He has inspired us all, as we watched his excitement to work with his customers and his love for creating new partnerships.

As a team, we have spent the last several months working with Dan to transition his remaining projects and accounts to our other qualified Project Managers. Our goal is to make the transition as seamless as possible.

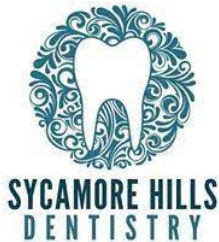

We are honored that Dan has given us the opportunity to work with him, laugh with him, and be a part of his life for the last 22 years. We thank him for the memories and wish him all the best in retirement!

Ryan Harris
President, Felderman Design-Build

Community

Congratulations to Shuttleworth for breaking ground last month on their new 55,000 SF expansion to their manufacturing facility. We are honored to have been chosen as the Design-Builder for this project!

On March 4, 2022, the Fort Wayne Museum of Art held its annual ARTrageous Gala to raise the essential funding necessary to continue to serve the community as the largest regional resource for the visual arts while striving to make American art accessible, relevant and inspiring for all. The 2022 ARTrageous Gala was particularly notable as the museum commemorated its centennial anniversary.

Our Interior Designer, Kylie was fortunate to be selected as a committee member for the Gala. Kylie was born and raised in the Greater Fort Wayne area and was impacted by the Fort Wayne Museum of Art from a young age. When asked about the event she said "It was an honor for me to be chosen to serve such an esteemed establishment that profoundly impacted my childhood and continues to impact my life. My duties as an ARTrageous Gala committee member included working with and encouraging members of the community to donate silent and live auction packages, donate bottles of wine for the "Instant Wine Cellar" and to purchase tables for the event. I also met monthly to give input on the overall event layout and food and beverage choices."
