

Building Lasting Relationships... Since 1975

Spring NEWSLETTER

From Our President

Dear Friends,

Spring has officially arrived and we welcome the season of warmer weather! Spring is also a time for new growth and we are excited about the opportunities for growth here at Felderman Design-Build. We have an influx of new projects this spring as well as expanding our staff.

One particular client of ours has embraced the season of growth. Recently, we have completed construction of The Tube Car Wash at a new location serving New Haven, IN and surrounding area. We have also broken ground and construction is underway for another new location in Auburn, IN! We are proud of our partnership with the Tube and honored they have entrusted us to help them grow!

With the changing of the season, building maintenance needs can also shift. If you are finding yourself in the position of needing repairs or it's time to update the appearance of your facility, we would love to have a conversation and see how we can support you.

Ryan Harris
President, Felderman Design-Build

Newly Awarded

Auburn, IN

The Tube Car Wash - Auburn, IN

We are excited to announce that we will continue to work with The Tube Car Wash, new location coming soon in Auburn, IN. We appreciate their partnership and enjoyed the building process at their New Haven, IN location.

Fort Wayne, IN

Stonhard - Fort Wayne, IN

We are pleased to announce a newly awarded project working with Stonhard! In order to accommodate their company's growth, we will be completing a 33,000 SF addition to their manufacturing facility in Fort Wayne, Indiana.

Gerdau - Huntington, IN

We are looking forward to working with Gerdau again on an extensive remodel. Thank you for your continued trust in us. We enjoy working with Gerdau and are really looking forward to this project in Huntington, IN.

Recently Completed

Completed Project: Longe Optical

Longe Optical

We have completed a 3,754 SF total renovation of a retail space for Longe Optical. This space has been completely transformed into a beautiful and functional place of business on St. Joe Center Rd in Fort Wayne, IN!

Completed Project HMC

Hollingshead Mixer Company

We have completed a large project at Hollingshead Mixer Company in Avilla, IN. This project included 85,000 SF of factory floor space added (to include a final inspection facility, paint kitchen, fabrication area, and expanded assembly lines. All Nucor Buildings!

We also completed 12,000 SF of renovated office space!

Employee Spotlight

We'd like to give a warm welcome to our new team members!

We are excited to announce that **Jennifer Vanderpool**, Vice President at Felderman Design-Build, has been appointed to the **Greater Fort Wayne's Board of Directors**. Jennifer is excited about this opportunity supporting a team that's focused on building a nationally recognized economy within NE Indiana.

During her board service, she will serve on the Investor Growth and Retention committee with a focus on engaging with prospective and current visionary investors and other members of GFW.

Along with Jennifer's board and committee service, she will join GFW at many of their events like the Annual GFW Golf Outing, Holiday Night, Legislative lunches, and more!

Todd Adams, Registered Architect and Director of Design for Felderman Design-Build, attended the Construction Management Career Fair at Ball State University yesterday. Todd was able to connect with many students about Felderman - the amazing people, office culture, and past and present projects. Todd is an Alumni of Ball State and the career fair is a full circle moment for him. We are grateful that Todd is willing to take the time in his busy schedule to interact with graduating students getting ready to enter the workforce in this industry.

Now Hiring

We are currently hiring for the following positions:

Office Staff: Director of Construction, Project Coordinator

Field Staff: Superintendent, Foreman, Skilled Laborer

Please contact Jennifer Vanderpool at 260.760.0746 or jennifer.vanderpool@felderman.com for more information.
